

# Truman May Not Run Again In 1952, But He Hasn't Said So Yet

By ERNEST B. VACCARO

Washington, Aug. 26 (P)—Some of President Truman's closest friends predicted today he won't let it be known until after the 1950 Congressional elections whether he will run again.

They agreed he will stump around the country next year to get a Congress to back his "fair deal program."

A substantial number of them expressed conviction Mr. Truman's inclination is to leave the White House at the end of his present term in 1952.

All of them conceded they were

"guessing"—that they were just as much in the dark as are the people who are not close to the president.

And they insisted that Mr. Truman himself couldn't say for sure at this time.

The president himself set off the speculation yesterday.

He hinted—with a smile that might have meant anything—that he won't run in 1952. (He will be 68 on May 8 of that year.)

But then, later, he wouldn't say no, positively, or even probably.

It was started when 96 teen-age girls trotted up to the White House to look it, and the president over, and to sing him a song that lasted so long he had to wave goodbye and get back to work.

One of the girls—students of government brought here by the American Legion Auxiliary, had asked about her chances of becoming an ambassador five years from now.

Reporting this, in one of his off-the-cuff talks, Mr. Truman said he couldn't promise anything "that far away" because that is a year or two beyond the time when my term will expire."

Mr. Truman apparently has nothing to gain by an announcement now either to run or not to run.

If he said he is going to run, his friends noted, any future action would be labeled politics, and would further weaken his influence in Congress.

If he said he isn't going to, they reasoned, he would open the doors to a free-for-all battle for the Democratic nomination and thus weaken his influence in his party.

## Copper Country To Get Job Aid

### Three Counties Are 'Distressed Areas'

Washington, Aug. 26 (P)—Three more Michigan communities were listed today as economically distressed areas meriting special federal aid.

Port Huron, Jackson and the Upper Peninsula copper area of Michigan were among 22 new areas tagged by the Labor department as undergoing a critical employment problem.

The copper area includes Houghton, Keweenaw and Ontonagon counties.

Ten other areas in the nation, including Muskegon, Mich., were listed earlier.

Under President Truman's aid plan, such areas are eligible for special consideration in the award of government contracts, construction projects, business and building loans and grants.

The areas judged in the critical category have 12 per cent or more of their labor force unemployed.

In announcing the new list, the Labor department emphasized that the increase does not mean a boost in joblessness but only that the government's search for such areas has been wide.

## Government Lists Living Cost Drop

Washington, Aug. 26 (P)—The government's living cost index took a new dip today.

It fell six-tenths of one per cent from mid-June to mid-July.

The Bureau of Labor Statistics said the mid-July living costs level was 168.5 per cent of the 1935-39 average. That average is figured at 100 on the index.

The new index is three per cent under a year ago but 70.9 per cent over the August, 1939, prewar level.

Price drops for foods, wearing apparel and house furnishings caused the living cost decline. Foods averaged 1.3 per cent lower, apparel nine-tenths of one per cent, and house furnishings three-tenths of one per cent lower.

Slight rises in costs for rents and miscellaneous goods and services, including municipal transportation fares, were recorded.

Foods alone are seven per cent under a year ago and 38.5 per cent over the level when government price controls were in effect.

## WELL BLAZES

Tecumseh (P)—Raymond Guy was interrupted in the act of drilling for water when flames shot up from the well. The Tecumseh fire department, which was called to put out the blaze, said Guy had struck a natural gas deposit.

## New Commission To Get Tough On Sewage Pollution

Lansing, Aug. 26 (P)—The newly-created state water resources commission today had served notice it was willing to take a "get tough" attitude toward cities accused of stream pollution.

Commission members were inked by testimony of the woman witness that Grand Rapids authorities did not seem worried about any threats of fines or enforcement.

Created by the last legislature, the water resources commission replaced the old stream control commission and was given a wider scope of operation and added enforcement powers.

"I talked to city officials at Grand Rapids," said Mrs. Sinclair Warner of the Annie Oakley Chapter of the Izak Walton League, "and they don't seem worried at all. You should make them realize you are serious or nothing will be done about pollution there."

"I asked them if they were prepared to pay fines for pollution," she said, "and they just laughed at me. 'It's just another pollution law,' one of the city commissioners told me," she declared.

Commission members then voted to call Grand Rapids and Wyoming township in for a hearing Oct. 12 to show why they should not end pollution by Jan. 1, 1952.

"After we issue the order, then the first time there is a violation we can go to court," said Commissioner Victor E. Beresford of Detroit. "I'd go along with fining them."

Tentative plans called for Grand Rapids to submit plans for additional sewage treatment facilities by March 1, 1950, start construction 90 days later and complete the project by the 1952 deadline.

Wyoming township also will be asked to submit plans by March 1, 1950 and complete the elimination of pollution by 1952.

Both were charged with dumping partially treated sewage into the Grand River to cause fish kill and pollution.

## Bomber Inquiry At Standstill For New Facts

### Suspensions Removed In B-36 Promotion

By DOUGLAS B. CORNELL

Washington, Aug. 26 (P)—Congressional investigators took off today on the trail of additional suspects who may have spread discredited charges of fraud and favoritism in the B-36 bomber program.

Actual hearings are at a standstill for six weeks while agents of the House Armed Services committee dig for more facts.

The hearings produced a spectacular climax yesterday. 1. The complete lifting of any suspensions of corruption from Secretary of Defense Johnson, Secretary of Air Symington, industrialist Floyd Odlum and everybody else connected with the development of the giant, intercontinental bomber. That was by unanimous action of the committee.

2. An equally complete repudiation of all the charges and rumors of irregularities contained in a once anonymous memo. That was by the author of the document, suspended navy official Cedric Worth. He got plenty of help in his repudiation from committee counsel Joseph B. Keenan.

## Witness Does Flop

The navy, much embarrassed, ordered an investigation of its own. It set up a court of inquiry, to convene next Monday, to "inquire particularly as to whether other persons, military or civil, under the navy department participated in or instigated or had knowledge of the preparation of the said document."

Worth was suspended Wednesday from his \$8,500-a-year job as an assistant to Undersecretary Dan Kimball.

Before the House committee, with Keenan cracking the whip, Worth executed one of the most sensational flip flops ever seen on a congressional witness stand.

He withdrew his "unscrupulous man" description of Odlum, board chairman of Consolidated-Vultee Aircraft company, makers of the B-36.

He admitted to Rep. Bates (R-Mass) that he has no direct or indirect knowledge of any corruption, fraud, collusion, influence or favoritism in the B-36 program.

Voicing regret time after time under prodding from Keenan, the witness agreed that he had:

Made a "great error," "done the navy no good," brought about heartaches and "a great disservice to the American people," and spread "a lot of loose, false statements."

## Lack Of Moisture Cuts Potato Crop

Cadillac, Mich., Aug. 26 (P)—Dry weather may cut Michigan's potato crop below the forecast average of 127 bushels per acre, growers reported here Thursday.

Members of the Michigan Certified Seed Potato Producers Association said the lack of rain was being felt most in northern Michigan and the Upper Peninsula. Too little moisture will reduce the crop, they said.

The forecast figure would have been second highest yield, topped only by 1948's record of an average of 150 bushels per acre, seed men said.

## Sonja In Society

East Hampton, N. Y., Aug. 26 (P)—Sonja Henie and Winthrop Gardner, Jr., are spending the weekend with his wealthy and socialite family at their Long Island estate.

The skating star and sportsman-aviator flew here last night from Roosevelt field, Garden City, in Gardner's new plane.

## U. S. Submarine Explodes In Arctic Waters; 7 Lost, 84 Crewmen Saved

Washington, Aug. 26 (P)—Six navy submarines and a civilian technician lost their lives and 84 crewmen were rescued today when the submarine Cochino exploded and burned in Arctic waters.

The six navy men were attached to the U. S. Tusk, a sister submarine which rescued the Cochino's crew. The civilian was the only one lost aboard the Cochino.

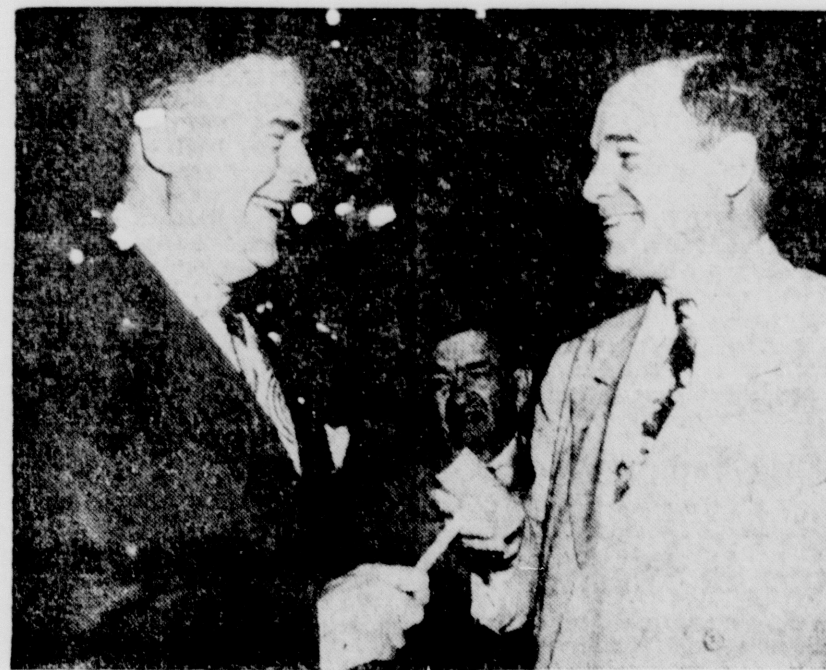

The explosion occurred in the Cochino's battery room and was followed by fire.

A lieutenant and five of the Tusk's enlisted men were swept from her deck by heavy seas during the rescue of the Cochino's crew, which was hampered by high seas.

The Tusk, with the rescue men aboard, is heading for the Norwegian port of Hammerfest, the nearest port where medical assistance can be obtained.

The Cochino and Tusk, together with the submarines Toro and Corsair, had been temporarily assigned to naval forces under command of Admiral Richard L. Connally, Naval Commander in Chief of U. S. Forces in European waters.

The submarines had been engaged in cold water training exercises in the Arctic.

## Reds Take Short Cut, Close In On Canton

By SPENCER MOOSA

Canton, Aug. 26 (P)—Red troops were possibly 140 miles or less from Canton today after a short cut through the mountains.

Private reports said the situation was obscure at Kiennan, Lungnan and Tingnan, meaning all three probably were lost. The cities extend in an arc on the northeast. Tingnan is on the border of Kwantung province.

The attack rolled up along roads which lead south of Kung-kong, an important railway point 125 miles north of Canton.

## Legion Gathers In Philadelphia

### War 2 Veteran May Be New Commander

Philadelphia, Aug. 26 (P)—Delegates to the 31st National American Legion convention began streaming into Philadelphia today with many apparently intent on naming a World War II veteran as their new commander.

As the city gradually took on a holiday atmosphere, two veterans of the last war plunged into the business of meeting delegates and lining up support. They are George N. Craig, Brazil, Ind., attorney, and Earl Cooke, farmer and railroad man, of Dawson, Ga.

A third candidate is expected to establish campaign headquarters by tonight—James F. Green, Omaha, Neb., attorney.

Election of one of those three would mark the first time top control of the Legion passed out of the hands of World War I veterans.

Legion spokesmen have indicated they believe the race will narrow down to a three-way scrap between Craig, Cooke and Green.

But while the \$15,000-a-year job is of intense interest to every Legionnaire, the big show, as far as the public is concerned, will be Tuesday's parade of 18,000 marchers.

Legion officials say it will be the biggest and showiest ever put on. One official said costumes, musical instruments and equipment for the 15-hour parade are valued at \$5,000,000. He added that the national championship band from Joliet, Ill., is bringing uniforms and instruments worth about \$65,000 alone.

Rodry said he wanted to apologize, and that he wanted to see his son, whom he called "Cookie." He said he had some pretzels for the youngster and asked Mrs. Rodry to go outside to his car and get them.

Mrs. Rodry had been gone only a moment when she heard the shooting begin.

The son was shot three times. Dr. Kine was hit four times but lived for two hours after the shooting. Mrs. Kine was shot once, in the abdomen, and Rodry fired the ninth shot into his own head.

## Family Dispute Claims 3 Lives

### Philadelphian Kills Son, 5, In Gun Spree

Philadelphia, Aug. 26 (P)—Police said a 34-year-old ex-GI shot and killed his 5-year-old son and a prominent Philadelphia eye specialist last night, critically wounded a third person and then took his own life.

The victims were Dr. Sidney J. Kine, 31, in whose West Philadelphia apartment the slayings occurred; the child, Ian Rodry, and his father, Juan Rodry.

The doctor's wife, Dorothy, 25, was shot in the abdomen.

Police gave this version of the tragedy: Rodry, apparently inked because the Kines had offered his wife a home during their separation, went to the apartment just as the Kines were finishing dinner.

Rodry said he wanted to apologize, and that he wanted to see his son, whom he called "Cookie." He said he had some pretzels for the youngster and asked Mrs. Rodry to go outside to his car and get them.

## Centennial State Fair Will Honor Michigan Pioneers

Detroit, Aug. 26 (P)—Descendants of more than one hundred Michigan pioneers will be honored next month at the state's Centennial State Fair.

Their forefathers owned Michigan land when the state held its first fair in 1848, and these parcels of property are still in the hands of the same families.

Gov. Williams sent special invitations today asking the present owners to attend the fair Sept. 2 to 11.

"I believe it is entirely fitting and proper that our state honor those citizens of Michigan who have owned the same piece of land during the last 100 years," the Governor said.

"Your families were pioneers in this great state of ours and they have shown a stability and tenacity of which all can be proud. You typify the type of American and Michigan citizen who has been the backbone of this great country."

In Jackson county there are 28 parcels of pioneer farmland that have remained in the same family for at least a century.

Lansing and Oakland counties have 15, Van Buren 14, Ionia 13, Monroe 11, Calhoun nine, Cass eight, Ingham and Macomb seven and Kent 6.

The family of Cornelius and Jessie Stomler, of (7034 S. Riverside) Marine City, have owned their St. Clair county farm since 1810—the longest of any Michigan clan.

## Big Brushland Blazes Spread

### California Fires Run Out Of Control

(By The Associated Press)

Fires still menaced brush and timberland areas in western United States today, but few serious developments were reported.

A new brush fire broke out in California just south of the Stanislaus National forest. More than 7,100 acres already have been burned over in Stanislaus and two lives have been lost.

A huge brush fire in San Diego and Riverside counties in California burned out of control along a four-mile front.

High temperatures and changing winds that shifted seven times in one hour harrassed the fire fighters. More than 12,000 acres of ranch and grazing lands have been burned over.

Two fires in Idaho's Payette National forest were out of control. The two—one in Hell's canyon and the other on the south fork of the Salmon river—have charred 20,000 acres of timber. Two men have died this week in the Payette forest.

All fires in Yellowstone Park were reported checked and nearing the control stage.

Fire in the Black Hills of South Dakota also has subsided. There still was some danger, however, and rangers said the future depends solely on weather conditions.

Two small fires—both under ten acres—burned in western Oregon. Cool weather lessened the danger in Oregon.

Black Bull Boards Bus To Oak Ridge

Knoxville, Tenn., Aug. 26 (P)—A wayward black bull boarded a bus marked "Oak Ridge" here last night and began making like an atom bomb.

The bus, fortunately, was parked in a storage lot and no one was aboard.

The fugitive from a packing house kicked out the windshield, tore up several seats, and then lay down in the wide seat at the rear.

The animal was routed from the vehicle by a packing firm's employees who came to claim him, but escaped and kept the neighborhood in an uproar for three hours.

The bull finally was towed away with a big rope looped around his neck.

Too Cold For Suicide, Detroit Decides After Plunge In Auto

Detroit, Aug. 26 (P)—John Steinhauer, 38, drove off a pier into 25 feet of water in the Detroit river early today.

He plunged through the open window of the sinking automobile and swam to shore.

Steinhauer told police he had intended to take his life, but changed his mind.

"The water was so cold," he explained.

## Armed Services Financing Now 2 Months Late

### White House Slashes Arouse Argument

By EDWIN B. HAAKINSON

Washington, Aug. 26 (P)—Turning into the final lap on appropriations almost two months behind schedule, senators aimed today at passage of a whopping \$14,800,000,000 money bill financing the three armed services.

That would clear the Senate appropriations docket except for five measures it already has approved but in a form different from the House versions. Bills in that category total close to \$15,000,000,000.

A bitter argument about cutting government spending still threatened to slow down action on the last of the Senate bills.

The huge defense measure together with all other bills supplying annual funds for government agencies should have been cleared before July 1. That is when the current fiscal year began.

Economic Move Hurts

Late yesterday the Senate put on a burst of speed. It completed work on a \$668,000,000 appropriation for the interior department. Then it whizzed through a \$188,000,000 odds-and-ends appropriation bill.

Finally it began work on the big military bill.

Senator Elmer Thomas (D-Okl.) said about \$1,200,000,000 had been chipped off the total allowed by the House when it passed this measure April 13.

About \$434,000,000 of these savings, Thomas said, would be made by Secretary of Defense Johnson. The rest would come from cutting back House-approved plans to expand the air force.

Johnson took a first step toward those savings Wednesday with the announcement that 135,000 civilian workers and 12,000 reserve officers now on active duty are being dropped by the army, navy and air force.

President Truman told his news conference yesterday that this economy move—unpopular where it hurt most—was taken on orders from the White House.

Indications were that the senate would go along with that plan, as well as another by its appropriations committee to cut \$275,000,000 from stock-piling funds previously voted by congress in other bills.

Too Much Authority

But a fierce argument appeared certain over the plans of Senator McClellan (D-Ark.) to offer a rider to the final big money bill that would direct Mr. Truman to save up to \$3,000,000 of funds already voted by congress for the current year.

Democratic Leader Lucas (Ill.) refused to allow this economy move to come up as a separate measure.

## Daughter Of Beery Gets \$500 A Month For Spending Money

Los Angeles, Aug. 26 (P)—Carol Ann Beery, 18-year-old adopted daughter of the late Wallace Beery, will have \$500 a month pocket money.

Superior court yesterday decreed that the girl—who will receive a third of the actor's \$2,000,000 estate when she becomes 21—be allowed to withdraw a total of \$1200 a month from her guardianship fund. The actor's former wife, Mrs. Mary Areta Foyt, will administer use of \$700.

But Judge Newcomb Condee directed the rest be paid directly to Carol Ann for her own personal use, saying:

"She will have to handle a great deal of money in the years to come and it's time she began to learn."

## School Meet Opens Tuesday

Escanaba, Gladstone  
Teachers Will Attend

The 10th annual pre-school conference for teachers will open here Tuesday, Aug. 30 at 9 a. m. with John A. Lemmer, school superintendent, presiding.

Dr. John J. Lee, dean of the graduate school of Wayne university at Detroit, will open the conference with an address on human relations in education. Teachers of both Escanaba and Gladstone schools will participate, and parents are invited to attend any of the meetings.

Wednesday morning, Miss Ellen L. Middlewood, director of mental health education for the state department of mental health, will speak on "What Makes Them Behave That Way." Fred Miller, consultant for the University of Michigan bureau of school services, will also be a guest speaker.

Numerous group meetings for teachers are also scheduled during the conference, which will close Sept. 2.

## Ludwig Anderson Dies In Munising

Munising.—Ludwig Anderson, 51, 207 West Varnum street, died Thursday at 9:15 p. m. at the family home. He had been ailing for several years.

Mr. Anderson was born on June 21, 1898, in Holmsand, Norway, and came to the United States in 1904. He resided in Escanaba, and Norway before coming to Munising. Mr. Anderson was a member of the Carpenters Union, local 1832 and the North Star lodge of Escanaba.

The survivors include his mother, Mrs. Marie Anderson, his wife, Mrs. Anna Anderson, and one daughter, Mrs. Leslie Korpela, all of Munising, a son, Robert, Woodbourne, N. Y., a brother, George Anderson of San Bernardino, Calif., three sisters, Mrs. Martin Olson and Mrs. Ed Lyons of Pontiac, and Mrs. Ed Curtis of Portland, Ore., an uncle, Peter Peterson of Munising, and one grandchild.

The body was taken to the Beaulieu funeral home where friends may call after 3 p. m. Saturday. Funeral services will be held Sunday afternoon at 2:30 in the Beaulieu chapel with Rev. C. E. Oswald officiating. Burial will be in Maple Grove cemetery.

## C&NW Credit Union Adopts New Plan

Milton E. Swanson, president of the board of directors, C & NW Escanaba Federal Credit Union, has announced that at a meeting held on August 22, the CUNA life savings insurance and CUNA life protection insurance plans were adopted, effective Sept. 1, 1949 whereby the credit union members will each have life insurance equal to their savings in the credit union up to \$1,000.00 and each borrower will have life insurance equal to their loans, up to \$10,000.00.

The C & NW Federal Credit Union was organized in May, 1935 by C & NW employees in the Escanaba area with assets of \$69.50 and has steadily grown until at the period ending July 31, 1949, their total assets were \$19,212.61.

## First Meeting Of Bark River-Harris Teachers Aug. 29

Teachers of the Bark River-Harris school district will hold a general meeting Monday, Aug. 29, at the study hall at Harris. On Tuesday the teachers will attend a one-day conference at Menominee and school classes will begin Wednesday, Aug. 31.

The one day conference at Menominee will be on the subject, "Conservation of Human Resources." Later the Bark River-Harris teachers also will attend a one day conference at Escanaba.

The school buses will operate for the first time Wednesday morning and the first class will start at 9:30 o'clock. Bus drivers and custodians are the same as last year and the bus routes likewise are unchanged. The Bark River-Harris schools will operate on fast time.

The hot lunch program will begin on the opening day of school in all grades except the high school. The hot lunch program will begin in the high school the day following Labor Day.

Two new teachers have been hired by the board of education. Howard Sundblad of Gladstone was hired to replace John Anderson, resigned, and Mrs. Rose Breitenbach has been hired to replace Mrs. Leona Skradski, resigned.

## Briefly Told

**Apartments Needed**—Furnished apartments are urgently needed for teachers arriving to teach in the Escanaba public school system. Anyone who has an apartment is asked to call the superintendent's office.

**Kiwanis Picnic**—Members of the Kiwanis club will hold a picnic Monday evening at the William Hildebrand cottage near Forest Lake. A round table luncheon will be held at the House of Ludington Monday noon.

**Pollen Count**—On Aug. 24 the pollen count was 73 in Escanaba, 37 in Powers, 204 in Ironwood, 7 in Munising and 0 in Manistique. On Aug. 23, the following counts were made: Crystal Falls, 23; Eagle Harbor, 7; Escanaba, 75; Menominee, 51; Manistique, 88; Munising, 80; Newberry 22, and Ontonagon, 204. Dr. William Harrison of the Delta-Menominee health department says that a count of 100 places an area in the hay fever class, but that not all persons with hay fever are affected when the count is 100.

## New Bus Stops Are Being Painted

New bus stops, located on the even numbered street intersections, are being painted on Ludington street and will be effective as soon as the painting job is completed. City Manager Aronson reported this morning.

The new bus stops are 40 feet in width. No parking will be permitted within the bus stops and violators will be ticketed by the police department.

## Munising News

Mrs. Lydia Juncas left Friday for South Milwaukee where she will spend a week visiting with Mr. and Mrs. Ray Kintop.

Mr. and Mrs. H. E. Roberts and son have returned to their home in Savannah, Ga., after spending a month visiting at the home of Mrs. Robert's parents, Mr. and Mrs. Jacob Hakala, Eben Junction.

## Escanaba Barber Shop Chorus In Contest At Sheboygan Sunday

Barber shop singers from Escanaba will compete in their first contest this weekend. The local group of 35 voices will leave Sunday morning for Sheboygan, Wis., to enter the district barber shop chorus competition sponsored by the Land O' Lakes association of SFEBSQA chapters.

The district from which choruses will be entered includes Wisconsin, Minnesota and the west portion of the Upper Peninsula of Michigan. The event at Sheboygan will be in the Held auditorium, starting at 2 p. m.

Escanaba's delegation will make the trip by bus, leaving here at 8:30 a. m. Sunday and returning Sunday night. They will be accompanied by their director, Sam Ham.

After the Sheboygan contest the Escanaba barbershop singers will plunge into preparations for their annual barber shop quartette show to be held Oct. 22 at the Oliver Memorial auditorium in Escanaba. Outstanding quartettes from Michigan, Wisconsin, Illinois and Minnesota are being booked for the song concert.

## Plans Discussed For MSC Alumni Club In District

A tri-county meeting of Delta, Menominee and Dickinson county alumni of Michigan State College was held at the Sherman Hotel in Escanaba this week. Dr. Gardner Eversole presided and Tom King, director of Alumni Relations, MSC, presented an interesting discussion of the advantages of an alumni organization.

Mr. King reported that there is now available at least one scholarship to MSC for each high school in the state approved by the board of education. Mr. King also showed a film of the campus of Michigan State College, as well as a film of last year's Michigan-Michigan State football game.

A study committee on the organization of an alumni club was appointed with the following membership: A. V. Aronson, Escanaba, chairman; Dr. G. S. Eversole, Howard Eldred, Melvin Nyquist, Emil Larson, all of Escanaba; Wm. Fernstrom, Menominee; Robert Smith, Powers; Frank Molinare, Iron Mountain.

## Cornell Man Held On Non-Support, Desertion Charge

Gladstone, Aug. 26.—Edward Doyen, 32, of Route No. 1, Cornell, is being held in the Delta county jail in Escanaba on a charge of desertion and non-support. He was apprehended by state police and sheriff's officers at a lumber camp in Wells township in Marquette county. The warrant is held by the sheriff in Mt. Pleasant, Mich.

## Expect 100,000 To Hunt Ducks

Duck Stamp Price  
Raised To \$2

With the passage of the federal Johnson-Thompson Duck Stamp Bill, providing for an increase in the duck stamp fee from \$1 to \$2, Michigan's anticipated 100,000 duck hunters this fall will contribute about \$200,000 for waterfowl conservation work in 1950.

The state conservation department estimates that last year 79,000 duck hunters shot 407,000 ducks in the short 30-day season with a general bag limit of four. With a 40-day hunting period and the same bag limit this fall, elimination of the joint opening with the pheasant season which prevailed last year, the normal or above average hatches by local nesting ducks, the department expects more hunters to be in the field Oct. 7—Nov. 15.

The U. S. Fish and Wildlife Service, in announcing the increased fee, says it expects stamp sales will exceed 2,000,000 nationally, last year's record figure. The duck stamp, which had sold for \$1 since 1934, will be available at post offices in about three weeks. All migratory waterfowl hunters over 16 years of age are required to purchase a stamp. Hunters must sign across the face of the stamp and attach it to their hunting license.

## Holway Appointed City Manager At Hannibal, Missouri

Ishpeming—Hannibal, Missouri, will be City Manager O. G. Holway's new home in slightly more than a month.

Announcement has been made by the council of that city that it has chosen Holway out of a field of 24 applications for the manager's post at a starting salary of \$7,200 a year. Holway succeeds William E. Hansen, who resigned in June to take a similar position in Pittsburg, Kans.

Holway, city manager here since the council-manager form of administration was adopted in 1944, has notified the Ishpeming council that he is resigning, effective Oct. 1, 1949. Formal action on the resignation is expected at the next meeting of the council.

## Escanaba Banker Studies At U of W

Madison, Wis.—Harry J. Gruber, State Bank of Escanaba, Escanaba, Mich., is one of 599 bankers from 28 states and the District of Columbia enrolled in the fifth annual summer session of the University of Wisconsin School of Banking which opened here Monday, Aug. 21.

Of the 599 bankers enrolled, 151 are in the Class of 1949, 205 in Class of 1950, and 243 are in the Class of 1951. The school is sponsored by state bankers' associations of the Central States conference, and has been endorsed by 15 state associations in the Midwest.

The purpose of the University's School of Banking is to provide bankers an opportunity for advanced study and research in banking, economic, and monetary problems, according to F. H. Elwell, dean of the School of Commerce.

In addition to the University faculty, the teaching staff includes outstanding men from functional and educational sections of the banking field. The session closes Sept. 3.

## Motorist Is Fined As Reckless Driver

Eugene J. Auger, 509 South 8th street, was fined \$25 and costs in justice court this morning on a charge of reckless driving. He was arrested by local police in the 500 block of South 8th street following a race with the police car from the alley in the rear of the 800 block of Ludington street.

gress in engineering and agriculture, Holway was director of public works in Superior, Wis., before coming to this city. He also has had considerable experience as consulting engineer for several cities in Wisconsin.

# Says Summer Is Overrated

Season Is Not So 'Hot', Ruark Claims

By ROBERT C. RUARK

New York—They hand you all this guff about good old summertime and what is so rare as a day in June and all the rest but I claim it's a miserable season at best and the one we could lose easiest. I have come to where I look forward to Labor day like a convict facing parole.

What is so great about this summer season, anyhow, except for the kids who get pardoned out of school for three months? Mosquitoes. Poison ivy. Polluted waters. Polio epidemics. Sunstroke. Fish-hooks in the fingers. Fooey.

What do you get good out of it? So you get a vacation. And what, pray, is a vacation? Two weeks at some resort with sand in the bed and murderous prices for a bad table d'hôte and the golf courses overrun and people capering on the beaches as if they were temporarily nuts, burning themselves to a crackling and kicking the sand into other people's eyes.

**Bad Beach Manners**  
Did you ever notice all the bad manners you can see on a beach? Big guys with crew haircuts throwing the little dolls back and forth and the dolls squealing and giggling and people splashing water on other people and kids quailing and the old lady quarreling out loud about the pass he made at the beach-blondie or how many martinis he had last night and he quarreling right back that if this is a vacation by dam he might as well stay at the bank.

You crawl back from one of these safaris on a road crammed with other suckers in cars and when you get home there is nothing but the stacks of newspapers and the piled up milk that you forgot to cancel out and all the mail is nothing but bills, bills, bills and then you check the bank and the balance is \$4.83 with three checks still out and so what, there goes another war bond and what have you got? Poison ivy. Sunburn and no inclination to work.

Good old summer time, hey? You take one like this last one with temperature nailed in the 90's for solid weeks and your brains if any melted into a soggy

mess and you try to think and earn the daily bread and you can't think and all you do is fight. You fight with the boss and you fight with the customers and then you go home and fight some with the old lady and your food tastes lousy and when you go to bed you sweat up the pillows and itch all night. Prickly heat and jagged nerves and hydrophobia. Summertime.

Makes No Sense

I suppose it's all right if you are a savage wearing a g-string and living by the water but mankind in his civilized magnificence has never devised a garb that made any sense whatsoever. He sweats up his suits until they are just a gluey bunch of rags and his tie fades and dyes his melted collar purple and the sweat runs down his legs in rivulets and all he can think of so say is "is it hot enough for you?" thereby earning a clout on the snout.

Summertime is when all the snakes come out of their holes and the stinging nettles swim in the sea and all the bugs known to man free-load off the happy summers to the country. Summertime is when the mamas who can afford it take the kids and go off to the mountains, leaving the wage-slave on his own to insult his in-laws with the wrong kind of restaurant food and get into trouble with odd red heads he picks up in air-conditioned bars and lose too much money shooting dice with other summer widowers and before you know it everybody's in Reno and fighting over the custody of the dog.

I say summertime is a vastly overrated season in all respects and might be abolished for the betterment of mankind. It offers nothing to beat a roaring fire and the prickly of frost in the air and for my drought I buy blizzards every time over sunstroke. Summertime, and the livin' is easy—Yah!

## Henry Wienckowski Now Serves Aboard Navy Landing Ship

Henry J. Wienckowski, seaman apprentice, USN, son of Mr. and Mrs. Stanley Wienckowski of Route two, Bark River, Mich., is a crew member aboard the landing ship USS Catamount, which took part in the recent amphibious training of West Point cadets and Annapolis midshipmen. The combined training is given each year at the Naval Amphibious Base, Little Creek, Va., and in the adjacent Chesapeake Bay and Atlantic Ocean. The Catamount is a unit of the Amphibious Force, Atlantic Fleet.

# C&NW Station Agent Honored

Johnson Of Negaunee Gets 65-Year Pin

Negaunee—"I know of no other employee who has had such a long period of service with this company and certainly none has had a more honorable record."

With those words, R. L. Williams, president of the Chicago & North Western railway, Wednesday afternoon pinned a specially-cast button on the lapel of August P. Johnson's coat to signify the completion of 65 years' service with that company.

Present at the ceremony were George E. Harvey, Escanaba, division engineer, and T. M. Cassidy, superintendent of the C. & N. W.'s Peninsula division.

**Plans To Continue Working**  
Afterwards, the group accompanied Williams on an inspection of his personal railroad car which he has been using during a three weeks' trip around a large part of the Chicago & North Western system.

Asked when he planned to retire, Johnson—looking far younger than his 79 years—said he would continue working for the North Western as long as his health remains good. He completed his 65th year with the railroad last April, but presentation of the 65-year service button was delayed until the president of the road could come to Negaunee.

**Messenger Boy At 13**  
Johnson started working for the Chicago & North Western railroad as a messenger boy in the telegraph department when he was 13 and, with the exception of the period from January, 1887, to March, 1888—when he was in Oconto, Wis.—he has been employed in Negaunee since 1884.

From his job in the telegraph department, he became cashier in March, 1888, and was promoted to his present position of station agent in 1901.

Johnson said that, as far as Chicago & North Western Veterans' association records show, only one other man is known to have been

# Fr. Casanova Hurt In Auto Accident

Marquette, Mich.—The Rev. Arnold L. Casanova, Marquette, was seriously injured Tuesday night in an automobile accident on US-41, about one-half mile west of Ishpeming.

State police said Father Casanova, who was driving east on US-41, toward Marquette, lost control of his car and it skidded and turned over on the side of the highway about 11:30 p. m.

He was taken to St. Mary's hospital, where X-rays were to be taken today. He suffered bruises, cuts and a possible fractured pelvis.

Hospital authorities said he was "resting comfortably" this morning.

Father Casanova is an assistant priest at St. Michael's parish.

# Potato Substance May Help Body In Using Proteins

Cambridge, England.—Potatoes may contain mysterious substances which help the body make better use of proteins.

This discovery was reported to the First International Congress of Biochemistry here by two British scientists, Dame Harriette Chick and Dr. E. B. Slack.

Young rats doubled their growth rate when the non-protein, nitrogenous potato substances were substituted for one-fourth of the wheat protein in their diet. The researchers said that this cannot be explained on the basis of supplying essential amino acids, building blocks of protein. They believe some unknown mechanism is involved.

# Wells Township Schools Reopen On September 7

Wells Township schools will reopen for the fall term Wednesday morning, September 7, Lawrence E. Klug, superintendent, announced today. A general meeting of the teaching staff will be held at Wells Central school Tuesday afternoon, September 6, at one o'clock.

The personnel for the year is: Wells Central, Mrs. Alta Cass, Miss Ruth Ford, Mrs. Mabel Moras, Mrs. Frances Krantz and Miss Amy Johnson; Chemical, Mrs. Ann Pintal; Bay View, Mrs. Ida Ward; Pine Ridge, Mrs. Edith Rosenquist; Soo Hill, Mrs. Agnes Gleich, Paul Vardigan and Mrs. Ruth Reese; Newhall, Mrs. Amanda Ryan, Miss Mary McDonough and Edward Guindon; school clerk, Miss Marie Couillard; bus drivers, William Herbst, Roy Bedard, Robert Hardy and Louis Vian; custodian, George Swanson.

**Buses on Same Schedule**

Buses will go on regular schedule Tuesday to transport high school students in the township to Escanaba. The school board will furnish transportation to all public school children and to parochial school children entered in grades which the township does not maintain. Bus routes and schedules will remain for the present the same as last year. A new 60 passenger bus has been purchased to replace bus No. 3 and is expected to be here in time for the opening of school.

A new class room has been built for the third, fourth and fifth grades in the basement of the Newhall school and the kitchen for the lunch program has been modernized. The interiors of all schools have been thoroughly cleaned and the necessary

repairs made. New playground equipment has been erected at all schools.

Book rental fees will remain the same as last year.

**School Calendar**  
The school calendar for the year will be as follows:  
Sept. 6—Teachers Meeting.  
Sept. 7—Classes begin.  
Oct. 6-7—M.E.A. Conference in Marquette.  
Nov. 24-25—Thanksgiving vacation.

## Today's Recipes

With the pear season at its peak housewives will welcome these special recipes using the delicious fruit.

**Minted Pear Marmalade**  
3½ cups diced pears  
¼ cup lemon juice  
1 package powdered pectin  
4½ cups sugar  
½ teaspoon mint extract  
Few drops green coloring.

Wash and sterilize jars. Measure sugar to be added later. Peel and dice pears. Mix pears, lemon juice, and powdered pectin. Bring to a boil, stirring constantly. Add the sugar and bring to a rolling boil. Boil four minutes. Add mint extract and green coloring. Stir and skim by turns for 5 minutes. Pour into hot sterilized jars and seal. Makes about 8 jars.

**Pear Chip Sundae Sauce**  
6 cups pears  
4½ cups sugar  
¼ cup of 1 grapefruit  
¼ cup coarsely grated rind of grapefruit  
1 tsp. chopped candied ginger  
Wash, peel and core pears. Chop coarsely. Mix with sugar and add to stand for four hours. Add candied ginger, grapefruit rind and pulp and cook for 30 minutes. Pour into hot sterilized jars and seal. Makes about 5 half pint jars.

**Pear Cheese Tray**  
6 pears  
½ lb. Swiss cheese, cut in wedges  
¼ lb. American cheddar cheese, cut in wedges  
Assorted crackers  
Center pears on a tray. Arrange wedges of cheese and crackers around it.

**Pear Summer Salad**  
4 pears  
2 peaches  
Slices of watermelon  
Salad greens  
Honey French dressing  
Wash pears, grapes, and arrange on plates. Wash, halve, and core pears. Place in center of salad plate with cut side down. Slice peaches and sprinkle with lemon juice. Arrange slices on one side of pear halves. On opposite side arrange slices of watermelon. Serve with Honey French dressing.

**Washington Pear Ring**  
2 pears  
4 slices pineapple  
1 cup pineapple juice  
1 tsp. crushed mint extract  
Add crushed mint or mint extract in pineapple juice and let stand for an hour.

Place pineapple slice on a dessert plate. I may be placed on a wash basin if desired. Wash, halve, and core pears, leaving the skin on. Place with cut side up on the pineapple slice and pour the pineapple juice over it. Chill thoroughly before serving. Serves four.

**Pears'n Cream**  
4 pears  
Corn flakes  
Cream or Homogenized milk  
Wash, quarter, and core pears. Cut into eighths. Place corn flakes in bowl and top with pear slices. Serve with cream or homogenized milk. Serves four.

**Pear Fruit Cup**  
2 pears diced  
1 small bunch grapes  
Cantaloupe cubes or balls  
1 pint gingerale  
Cut cantaloupe into cubes or make balls using a metal measuring spoon or melon cutter. Wash grapes and remove stems. Wash, quarter, core, and dice pears, leaving the skin on. Place a combination of the three fruits in cocktail glasses and chill thoroughly. Cover with gingerale just before serving. Serves four.

### Winifred Rodgers Recently Wed To Patrick Lyons

In a lovely mid-summer wedding performed recently in the Blaney Park mission chapel, Miss Winifred Joan Rodgers, daughter of Mr. and Mrs. James V. Rodgers of Gulliver, exchanged vows with Patrick Alexander Lyons, son of Mr. and Mrs. John Lyons of White Cloud.

The Rev. John Beloit, pastor of Holy Rosary church at Grand Marais, solemnized the 3 o'clock service in a double-ring ceremony before an altar decorated with evergreen boughs, white gladioli and mixed garden flowers. White trellises with intertwining vines and red roses flanked the altar.

Mrs. A. F. Hall played the traditional wedding march from Lohengrin and accompanied Mrs. George Morton, soloist, while she sang "Ave Maria".

The bride, given in marriage by her father, wore a gown of white marquisette, designed with a off-the-shoulder neckline accented by a shirred berth, close fitting bodice and a white crown-like picture hat of marquisette. Her fingertip veil, edged in lace, was fastened to a seed pearl coronet in her hair and she wore short marquisette mitts tied at the wrist with white satin ribbon. Her only jewelry was a pearl necklace and matching earrings, gifts of the bridegroom. White gladioli formed her cascade bouquet.

Proceeding her down the aisle was her sister, Mrs. Richard Russell, of Lansing, who was matron of honor, and Mrs. Harold Rodgers, the bride's sister-in-law, and Misses Charlotte Monette and Geraldine Johnson who were bridesmaids. The matron of honor also wore white marquisette with close fitting bodice, puffed sleeves and full skirt and a white crown-like picture hat of marquisette. The bridesmaids were gowned alike in pastel shades of full-skirted marquisette styled with off-the-shoulder necklines and short, capes trimmed with wide matching bows. They wore crownless picture hats with matching mitts. Their gowns were light green, yellow and aquamarine respectively. The bridal attendants all carried white baskets of garden flowers.

Sandra Snyder, little daughter of Mr. and Mrs. Harold Snyder, who was flower girl, wore a dress identical to the bride's and carried a tiny basket of mixed flowers. Nikki Ebbi, son of Mr. and Mrs. Jack Ebbi, ring bearer, wore a white linen suit and carried a white satin pillow edged in lace. Mrs. Rodgers chose for her daughter's wedding an orchid print with white accessories and a corsage of sweet peas. Mrs. Lyons wore a pink suit dress with navy and her flowers were also sweet peas.

Harold Lyons, of White Cloud, was his brother's best man, and ushers—Harold Rodgers, Charles Bush and Jack Ebbi.

Two hundred guests attended the reception which was held following the ceremony at the Blaney Park mission house. A tiered wedding cake with an effective arrangement of garden flowers and candles decorated the bridal table.

The couple left later on a wedding trip to New York City and Niagara Falls. The bride chose for traveling a navy gabardine suit with pink accessories and a corsage of white gladioli.

Mrs. Lyons is a graduate of the local high school, Class of 1947, and is now employed in the office of Dr. Merle D. Wehner. Mr. Lyons, a state trooper, is located in Manistique. He graduated from White Cloud high school and later attended Purdue university.

Mr. and Mrs. Lyons are making their home at the Bruggart apartment on North Mackinac avenue.

### Miss Archambeault Becomes Bride Of John R. Skalla

Of interest to Manistique residents is the wedding on Saturday, August 20 of Miss Barbara Archambeault, daughter of Mrs. Delima Archambeault, Weston avenue, and John R. Skalla, son of Mr. and Mrs. Walter Skalla, 109 South Lincoln avenue, Niles, which took place in St. Mary Catholic church in Niles.

The Rev. Cletus Rose officiated at the 9 o'clock nuptial high mass. Pink and white gladioli formed the altar setting for the ceremony which was attended by 200 guests. Miss Eulaia Wetmore, organist played the tradition nuptial music.

The bride, given in marriage by Jay Fred Richards, appeared in a gown of heavy bridal satin, designed with a sheer marquisette yoke, a satin berth of wide folds, triple paniers at the hip line and a full skirt ending in a court train. Her long fitted sleeves tapered to points at the wrists and were fastened with tiny buttons. Her veil was a Spanish mantilla of Chantilly lace, caught with orange blossoms.

Attending the couple were Miss Bernette Paulke of Milwaukee and James Green of Niles. A reception was held following the ceremony, after which the couple left on a wedding trip through Michigan. Upon their return they will make their home at 311 Cass street, Niles.

Mrs. Archambeault, the bride's mother, and Mrs. Mildred Johnson, a sister of Manistique, attended the wedding.

Tells Of Good  
Samaritan Work  
Done By Sweden

Sweden has come face to face with war torn Europe's problems in a way that far away Americans absolutely cannot visualize, the Rev. Gunnar Jansen, secretary of the Lithuanian Missionary Society, told an audience at the Bethel Baptist church, Wednesday evening.

Rev. Jansen, discussing present day Sweden said that the country is playing the part of a Good Samaritan to thousands of people in adjacent countries who are in the depths of degradation as an aftermath of the war and the encroachment of the Soviet.

Helpless children are the most pitiful victims of the sin of war, he said. Seventy-five thousand Finnish children are being cared for in Sweden and this is only a part of the work in this direction that it is doing. Particularly touching was his reference to an eight-year-old German girl that was taken into his home. The child had lived so long on a soup diet that it could not, for months, partake of solid food. Her body was covered with sores, due to malnutrition.

Sweden, he said, is not only caring for thousands of displaced persons, but maintains orphanages in some of those countries.

The plight of the people of the Baltic states, Latvia, Estonia and Lithuania, is perhaps the most to be deplored, he said. These countries, which functioned well when they were self governed, have been gobbled up by the Soviet Union. That the situation is unbearable is understandable from the fact that Swedish coast guard vessels are constantly picking up small boatloads of fugitives. The stories of these refugees, he says, is harrowing.

Sweden, he said, has taken the lead in forming an alliance of Scandinavian countries, made up of Denmark, Norway, Finland and Sweden. Sweden has agreed to provide armaments to these other countries in event of war with the Soviet. These countries, however, have not signed up with the North Atlantic Pact because Finland is in a precarious position and any such action would bring on aggression from Russia.

Sweden, he said, is decidedly anti-Communist. There are only a small handful of Reds in the country's reikstad.

Industrially, Sweden is one of the foremost manufacturing countries in the world, having supplanted to a large degree Germany in its manufacture of high precision machinery.

Sweden's socialized policies, the speaker said, are of such an intricate nature that books would be required to explain them. One feature, for instance, he explained was the payment of 1,000 kroner to every person reaching his or her 65th birthday. This amount is presented to every person, regardless of his financial status. But the government gets back as those who do not need it. It is deducted when they make out their income returns in the spring. He added that doctoring of returns is a serious offense in Sweden and that it would be foolhardy to attempt to defraud the government.

Johns Praises  
Girls EnsembleExtends Thanks For  
Support Given

In a letter to the Daily Press, Irving Johns Jr., of Marquette, former director of music in the Gladstone Public schools, thanks the townfolk for the support given the Girls Ensemble which made the trip to the Chicago Music Festival possible and complimented the members of the ensemble on their showing in the big event.

His letter follows:

"This is to express my sincere thanks and deep appreciation to our many friends in Gladstone who made our trip to the Chicago and Music Festival possible. It was a great educational experience and one which the girls will never forget."

"And now I want to congratulate the Girls Ensemble of which I was very proud. During the whole trip, they conducted themselves like ladies and they performed like artists. We received many compliments from the audience. While waiting for the judge's decision, many, including ourselves, thought we would have one of the first three places. But, even though we didn't actually win a place, we do feel that we came very close to bringing back a trophy to Gladstone High School with us. In view of the fact that the participants were from all parts of the United States and Canada, we considered it a privilege to represent not only the City of Gladstone, but the whole Upper Peninsula of Michigan. The citizens of Gladstone should consider it an honor to have been so well represented."

"Again, in behalf of the Girls and myself, a big Thank You to the parents and the community in general for their loyal support and good wishes."

Edwin England  
At InstituteCooperation Theme  
Of Madison Meet

Edwin England, electrification advisor for the Alger Delta Cooperative Electric association, attended the American Institute of Cooperation which was held at the University of Wisconsin's campus at Madison this week. The institute opened Monday and closed today.

Practically all of Wednesday, August 23, was devoted to rural electrification problems, and cooperative educational matters.

Clyde T. Ellis, manager of the National Rural Electric Cooperative Association, served as chairman at a forum, providing an opportunity for discussion of the rural electrification program and educational problems.

E. J. Stoneman, president of the Dairyland Power Cooperative, and Mr. Clark T. McWhorter, who is president of the National Rural Electric Cooperative Association, lead the discussion on generation and transmission problems in connection with an adequate power supply.

W. V. Thomas, manager of the Wisconsin Electric Cooperative, lead the discussion on construction equipment.

Further on in the conference, Claude R. Wickard, Administrator of the Rural Electrification Administration of Washington, D. C. will address the Institute, and speak on "REA and the Future."

Most of the 1,000 electric cooperatives in the United States have representatives of their organizations in attendance at the Institute.

Electric Co-op Has  
Picnic On Sunday

The annual picnic of the employees and directors of the Alger Delta Cooperative Electric Association and their families, was held at the Rapid River Falls Park on Sunday.

Various games were played and prizes went to the following people: nail driving contest—Mrs. Ed Pilon; foot races—Sam Byer, Mrs. Sam Boyer, and Dick Pilon; three-legged races—Ed Pilon and Sam Boyer, Ronald Pilon and Roger Lamberg; and Rose Marie Nieuwenkamp and Marion Apelgren; spoon race—Jimmie Pilon.

Emil Lampinen, Mr. and Mrs. Harry Sederquist and son Paul, of Daggett, and Julius Sivula, directors of the Cooperative, attended the picnic.

Pop and ice-cream were on hand for the children and the picnic putluck supper was served.

Outboard Race For  
Local Boats To Be  
Held Here Sunday

An outboard race for the Marble Trophy is to be held here Sunday afternoon on the Bay off the south shore.

The Yacht club, sponsors of the event, have decided the race is for local boats only and will be run on a handicap basis so that all, regardless of size of boat or motor, will have a chance to win.

There will be no admission and supper will be served at the close of the program, Commodore Clyde Cole states.

# City Men's Golf Meet Opens

With John Taggart heading the upper bracket on the strength of his medal-winning 36-17-71, the annual men's championship tournament of the Escanaba Golf club will get underway this weekend. Eighty golfers are competing in five 18-hole flights.

First round matches must be completed by Sunday, Richard Knop, club professional, reports. Second round matches must be completed by Saturday, Sept. 3, and third or semifinal round titles must be on the board by Sunday, Sept. 4. All of which will set the stage for all time matches except the club championship flight Monday morning, Sept. 5.

The 18-hole club championship battle will be featured on Labor Day afternoon, beginning at 2:30. The public is invited to witness this final test free of charge.

Elmer Swanson is the defending champion this season, having defeated Taggart in a close match last year. Taggart previously had ousted Harry Hogan, one up, on the twentieth hole in a tight semi-final encounter.

## Pairings in all flights follow:

# Davis Cup Finals Begin Today

## Schroeder Vs. Sidwell In Opener

Forest Hills, N. Y., Aug. 26 (AP)—Tennis hotshots of Australia and the United States tear into each other in the opening singles matches of the Davis Cup challenge round here today and the issue may be all but decided by the time the sun goes down. The first tussle at 1 p. m. (EST) sends Wimbledon champion Ted Schroeder, the American No. 1 singles entry, against Billy Sidwell, something of a surprise starter for the Australians.

Following their match, U. S. champion Richard (Pancho) Gonzales will take the court against 23-year-old Frank Sedgman, Australia's vastly-improved singles titleholder.

Sedgman is the key man in the Aussie's hopes of recapturing the handsome silver trophy which they lost to the Americans in 1946 and tried unsuccessfully to

take back the past two years. If Sedgman can turn back the unpredictable Gonzales today there is every reason to believe he might do the same with

Ted Schroeder Billy Sidwell

Australia must be considered the top dog in the lone doubles encounter tomorrow, since its representatives dominated the finals of our own national doubles championships only a few days ago.

But if the Americans come out on top in both of the opening singles battles, the Aussies might as well turn their thoughts to next year or concentrate on the U. S. singles championships starting at Forest Hills on Monday.

In the opinion of most observers, if the challengers can't manage to grab one of the first two singles matches, their chances of winning both of the last two—even if they should take the doubles—are slim indeed.

On the other hand, if the Americans should find themselves upset in both of today's matches they might as well kiss the cup goodbye.

# In Gladstone It's The Dehlins; Alice Beats Mama In Golf

Gladstone, Aug. 26—Alice Dehlin won her second Gladstone women's golf championship on the Days River course yesterday but she had to beat her mother, Mrs. G. E. Dehlin, to do it. The margin was 2 and 1.

Following the match and entirely impartial was Gus Dehlin, father of Alice and husband of the runnerup.

Now, both golf titles rest in the Dehlin home for Gus is the current men's champion and he will defend his title the coming week.

To reach the finals, Mrs. Dehlin defeated Mickey Esler, Maude Jackson and then dethroned the defending champion, Mrs. Walter Erickson. In gaining the same round, Alice won from Alice D'Amour, Val Prais and Dorothy Coulter.

Both of the semifinal matches were thrillers and were won on the final holes.

In the final match yesterday, Mrs. Dehlin took an early two-hole lead but was down two at the end of the first nine. It remained that way, the match being decided on the 17th.

Mrs. Mickey Esler won the consolation championship by beating Mrs. June Knutsen. Mrs. Helen Norstrom captured first honors and Mrs. Sally Johnson copped beaten four honors in the championship flight by beating Mrs. Val Prais in the finals.

# Chuck Kocsis Quits U. S. Amateur Field

New York, Aug. 26 (AP)—Charles (Chuck) Kocsis, 36-year-old member of the U. S. Walker Cup team, has decided not to make a bid for the 1948 National Amateur golf championship.

The U. S. Golf Association announced last night that Kocsis had asked that his name be withdrawn from the field. John W. Fischer of Fort Thomas, Ky., who won the National title in 1936, also has cancelled his entry.

The tournament opens Monday at the Oak Hill club in Rochester. Replacements for both Kocsis and Fischer, who were players exempt from qualifying, were filled from selected districts.

Arthur F. Lynch of Mamaronock, N. Y., will take Kocsis' place in the tournament. Raymond F. Allen, Jr., of Rochester has been assigned Fischer's spot.

These were alternates in the New York and Rochester districts, respectively.

Kocsis, from Royal Oak, Mich., was a former links star at University of Michigan. He is one of the nation's leading amateurs and would have been a strong contender for the title which Willie Turnesa will defend.

He won the National Intercollegiate championship in 1936. He holds numerous Michigan amateur and open titles.

## ESCANABA CUB PICNIC

The Escanaba Cubs, champion of the Waubesa Baseball league, will have a picnic at Werny Johnston's camp at Misery Bay tomorrow afternoon and evening. All members of the Cubs are asked to meet at Manager Alvin P. West home prior to going to Johnston's camp.

# Trucks Drives In Winning Run

## Tigers Nip Nats In Last Of Ninth

Detroit, Aug. 26 (AP)—Virgil Trucks who does all right as a pitcher for the Detroit Tigers turned his talents to hitting last night as he drove in the winning run to give the Tigers a 2-1 decision over the Washington Senators.

It was Trucks' 15th win of the year as against 10 losses and came against the unusually stubborn Washington club.

Trucks allowed only four hits while left-hander Lloyd Hittle of Washington gave up eight safeties—three of them by Trucks.

It was a 1-1 ball game in the last of the ninth when Hoot Evers led off for Detroit by slapping a vicious grounder towards third. Senator third baseman Eddie Yost set himself to take the ball, but it took a bad hop and struck him just below the right eye knocking him down as Evers reached first on the scratch single.

Players and trainers from both teams rushed to Yost's side and he regained his feet after a couple of minutes. He was taken to the Senators' bench and Mark Christman replaced him in the Washington infield.

The Tigers cashed in on their break as Neil Berry sacrificed Evers to second for out No. 2, Catcher Bob Swift was given an intentional pass to put the Tigers on first and second.

That set the stage for Trucks who had two singles in three previous tries. Trucks looked at Hittle's first pitch that was a ball and then slammed the next one to left center as Evers raced in with the winning run.

The Tigers took a one run lead in the second inning as Evers walked and raced to third on a single by Berry. Bob Swift then fled deep to right and Evers scored after the catch.

Washington got back in the game in the fourth when Ed Stewart hit his eighth homer of the season to make it a 1-1 game.

But Trucks held the visitors in check the rest of the way until the Tigers could break the game up for him.

# Mary Agnes Beats Elder Bauer Girl To Gain Semifinals

Chicago, Aug. 26 (AP)—Two veteran gal golfers who have come within a couple of putts of winning the Women's Western Amateur crown in the past without cashing in are semifinalists today.

Polly Riley of Fort Worth, Tex., the 1948 Curtis Cup star and Western Amateur runner-up, tees off against medalist Peg Kirk of Findlay, Ohio. Mary Agnes Wall of Menominee, Mich., meets Helen Sigel, Philadelphia city champion making her first bid for the Western diadem.

Riley moved up yesterday with a 5-3 victory over Marjorie Lindsey, the Illinois State champion from Decatur.

Kirk, the Augusta titleholder's winner last Spring, advanced with an easy 8-7 win over Dot Ellis of Indianapolis.

Kirk and Riley have faced each other in four previous tournaments, each winning twice.

The other semi-final match sends Wall, runner-up in 1941 and 1943 and semi-finalist in 1947 and 1942, against the 29-year-old Sigel, pre-tourney favorite.

Wall trounced Alice Bauer of Los Angeles 5-4 in the quarter-finals. Two days after five holes, she rallied for a 1-up edge at the ninth, then was one under par in winning the 11th, 12th, 13th and 14th.

But broken bones were not the penses alone.

"It Seems To Me"

BY JIM WARD

So you, too, have often been curious about the origin of football! Now that the grid season is almost upon us, let's find out how football got that way.

The records disclose that soccer, which is the grandpappy of all forms of football known today, got its start under strange circumstances in eleventh century Britain.

English workers, digging at an old battle site after the Danes vacated the country in 1042, found a skull presumably belonging to a former enemy, and still bitter with memories of the Danish occupation, they began kicking the skull around.

It was fun but a bit hard on the pedal digits. Whereupon some lads, taken with the idea of booting something around, substituted an inflated cow bladder, and the game was born.

Soccer was known as "football" in England until late in the 19th century when an exceedingly "unsportsmanlike" run with the ball in 1823 by a Rugby college student gave rise to the distinctive game of "rugby" and soccer continued under the name of first, "association," (denoting the ball-kicking variety) which was abbreviated to "assoc" and then to "soccer."

Americans had to be different so they blended the two games and introduced tackling to form the popular fall game we know here today.

Soccer is the national pastime in England, just as basketball and baseball are in America. Only in Fall River, Mass., Philadelphia and St. Louis has soccer gained a strong foothold.

Cuff notes: Jim Buelow, of Comstock, Wis., Jim Rouman's new assistant football coach, is a baseball player of renown and around Stephens Point. . . . Dark-haired, swarthy and lean, he looks every inch the athlete, a fellow who can take care of himself—and has. . . . Having handled from 35 to 75 boys since the opening day of football practice Aug. 15, Rouman was mighty glad to see Buelow blow into town.

Incidentally, the town is full of Jims. . . . At the Escanaba Golf club twilight league, Jim Rouman was introducing Jim Buelow around in company with the writer, one Jim Ward, and among those he met were Jim Fitzharris, Jim Jackson and when last seen, they were looking for Jim Kennedy, Jim Frost and Jim Hall.

As long as the U. P. golf title didn't go to an Escanaban, we were glad to see Tom Messinger, of Houghton, come through to win. . . . Probably because we were greatly impressed with his potentialities when he won his first U. P. title in Iron River in 1941 at the tender age of 15. . . . He overwhelmed Don Olson, of Ishpeming, in the finals. . . . At 15, he was the coolest, calmest and most collected person on the course throughout the tournament. . . . And he hasn't lost that demeanor and habit of deliberate concentration.

Our father-in-law, Elmer W. Jones, of Marquette, spoiled Dr. Messinger's dream of making the U. P. an all-Messinger affair. . . . Although in his seventies, he won the 40-years-of-age-and-over U. P. title in Iron Mountain by beating the capable Houghton dentist. . . . Just for the record, Oak Crest is the name of the Norway club. . . . The Iron Mountain golf club is known as the Pine Grove.

# Dallas Hockey Club Breaks Records And Some Bones, Too

Dallas — President Clarence Linz of the Dallas ice hockey club has checked up and found his boys set several records during the 1948-49 campaign. They are the kind of records no club wants and Linz would like to know why they had to happen to him.

In all the history of organized hockey — both major and minor leagues — no other club ever had as many broken bones as Dallas, which until this year was a member of the United States League.

The Texans next winter will be in the newly organized Texas League.

"I found that the record until last winter was four, hung up by Montreal," Linz said. "We almost doubled that; we had seven men in casts. There were three broken legs, two wrists, one shoulder and one arm. Bill Thompson had been with us only five days before fracturing a knee. The injury will keep him out of ice hockey for life."

But broken bones were not the penses alone.

# Mize Finds A Home And Yanks May Have Picked Up A Pennant

## BY THE ASSOCIATED PRESS

Only time and the American league pitchers will determine whether the New York Yankees bought themselves a pennant when they gambled on Johnny Mize.

Judging by Big Jaw's showing last night, however, he is easily worth the reported \$40,000 the Yankees paid the New York Giants last Monday for his services.

Mize, at 36, may not be as nimble as of old around first base, but he proved he could still powder the ball when he crashed his first American league homer to help the Yankees defeat the Cleveland Indians, 6-3.

Mize clouted Bob Feller's first offering over the right field fence to score Tommy Henrich ahead of him in the second inning. That put the New York Yankees ahead, 2-0. John paid off again in the eighth when he singled off Gene Bearden. A crowd of 63,522 watched the Indians lose their third straight at home.

Ed Lopat registered his 13th triumph for the Yankees, although he needed help from Joe Paige in the eighth.

The triumph, which ended a three-game losing streak, increased the Yankees' first place margin over the Boston Red Sox to three games. The Sox were beaten, 8-3, by the White Sox in Chicago. The third place Tribe is now six games off the pace.

The St. Louis Cardinals picked up half a lap on the Brooklyn Dodgers, whipping the Giants, 5-2, to increase their first place margin in the National league to a game and a half. The Dodgers were held to a split in their doubleheader with the cellar-dwelling Cubs.

Cincinnati snapped Boston's five game winning streak, 4-3, in a 10-inning struggle. Philadelphia and Pittsburgh divided a double header. The Phils won the night portion of the twin bill, 4-2, after the Pirates had won the afternoon half, 5-1.

The Philadelphia Athletics retained their slim hold on fourth place in the American league by downing the St. Louis Browns, 9-5, as Detroit defeated Washington, 2-1.

Stan Musial and Enos Slaughter, the Cards' hitting twins, batted in four runs between them to help Red Mungar gain his 12th victory.

Southpaw Ken Raffensberger's double and Lloyd Merriman's triple against Nelson Potter in the 10th won for the Reds over the Braves. It was Raffensberger's 14th victory.

After Murry Dickson pitched his seventh triumph for the Pirates in the opener, Robin Roberts gave the Phils an even break by hurling an eight-hitter.

Bums Weather Rally To Divide With Cubs

Brooklyn, Aug. 25 (AP)—The Brooklyn Dodgers weathered a ninth inning rally and beat the Chicago Cubs, 3-1, Thursday in the second half of a doubleheader.

Jackie Robinson ended the game by starting a brilliant doubleplay. The Cubs, behind Johnny Schmitz, upset the Dodgers, 4-0, in the opener.

# Bark River Host To Vulcan Sunday

Bark River, Aug. 26—The Bark River baseballers of Tri-County fame will go after their 15th consecutive triumph in league competition at home Sunday afternoon when they will be host to the Vulcan nine.

Vulcan gave Bark River a stiff battle in their first-half encounter, and Manager Leo Knauf plans to pull out all the stops Sunday. The Barks had to stage a ninth-inning rally to turn the tide against Vulcan. Knauf said he would send Ben Kleiman to the mound against the Vulcans.

# Yesterday Stars

**Batting**—Johnny Mize, Yankees, hit his first American league homer, with one on, and singled, to lead the Yankees to a 6-3 victory over the Cleveland Indians.

**Pitching**—Johnny Schmitz, Cubs, pitched a four-hitter for his fourth victory over the Dodgers as the Cubs won the first game of a doubleheader, 4-0. The Brooks won the second, 3-1.

# SOFTBALL

Only three games were played in the U. P. softball tourney in Ishpeming last night. Larry's Bar of Gladstone was eliminated in a Class B tilt by Robbin's Flooring company of Ishpeming 4-1.

Escanaba district teams competing tomorrow are: U. M. Power and Light of Escanaba vs. P.K.H. Welder of Escanaba, Class B, 9 a. m.; Electrowood Inn of Spaulding vs. Soo Merchants, Class B, 10:30 a. m.; Escanaba Northland B&P of Ironwood, Class C, 3 p. m.; Escanaba Liberty Loans vs. Anvil club of Bessemer, Class A, 3 p. m.; Escanaba Paper Mill vs. Escanaba Nu-Way Cleaners, Class A, 6:15 p. m.; Escanaba Clairmont Transfer vs. winner of Northland B&P of Ironwood-Escanaba K-C, Class C, 10 p. m.

Finals in all classes will be played Sunday night.

Hughes-Tomlinson won a thriller from Clairmonts last night at Memorial Field, 3-2. They scored two runs in the last of the seventh to win the game. Each pitcher allowed four hits.

**Two-Platoon System**  
Confusing; Player Sits On Wrong Bench

Detroit—The Detroit Lions two-platoon system proved confusing, for recruit center Bill Wehr. When the ball changed hands against the New York Bulldogs in an exhibition game, Wehr was the most surprised fellow in the stadium to find he'd gone to the New York bench. The Bulldogs had used the two-platoon also and Wehr was caught in the maze of shifting players.

**HORNETS TRY AGAIN**  
Chicago, Aug. 26 (AP)—Chicago's rehabilitated All America football Hornets hope to put the bite on the Buffalo Bills when they open their 1949 conference season tonight in Soldier Field. Coach Ray Flaherty and his Hornets—successors to the ill-fated Rockets—want to accomplish a feat no Chicago team in the All America loop has been able to do in its three year history—win the opening game of the season.

## State Salvage Deals Checked

### Lansing Fraud Ring Story Discounted

Lansing, Aug. 26. (P)—Auditor General Muri K. Aten today discounted speculation that a ring of conspirators has been defrauding the state of large amounts in the sale of surplus and salvage property.

Aten indicated he thought the suicide death Wednesday of Roger M. Wills, former head of the salvage division of the state department of administration, was just about the end of the matter, except for cleaning up the odds and ends.

State police were busy picking up welding machines and gasoline motors which Aten said Wills had sold or given away illegally. He said no bids were obtained for the units and the money obtained for them did not go into the state treasury.

Aten said no attempt would be made to recover about \$8,000 worth of sulfadiazine pills which the state bought for approximately \$426 and sold to a Lansing merchant for \$390. The pills were resold to a Detroit pharmaceutical concern for \$4,000, Aten said.

The auditor general declared that in this case the records showed that Wills obtained a bid from the Lansing merchant and handled the transaction through proper channels.

However, he said, the sale violated a federal regulation that the pills could not be resold by the state for one year.

All the property, obtained from the federal War Assets administration, was bought by the state at a 95 per cent discount under a government program of making war surplus available to public institutions at bargain rates.

## Schools In Michigan Opening On Schedule

Lansing, Aug. 26. (P)—Although the infantile paralysis case load still is high, the state health department recommended that schools in the state open on schedule.

"The general recommendation is that schools open on schedule," said Dr. F. S. Leeder, head of the Department's Bureau of Disease Control. "We can see no great good in delaying the opening."

## Armed Services Fund Speeded Up By Senate Today

measure and said he would lead the fight against it as a rider to the military bill.

"It is too great a grant of presidential authority," Lucas told a reporter.

The McClellan proposal, which has backing of many Republicans, would direct the president to cut from 5 to 10 per cent from all money bills passed by congress.

McClellan said that cuts already made by congress would be credited, so that no agency would face reduction from both congress and the White House.

McClellan claims the backing of 63 senators—just one short of the two-thirds vote required to clinch the plan's inclusion in any bill, whatever objections there might be to it.

The economy power proposed for President Truman is along the same line that Secretary of Defense Johnson asked and would get under the big military bill.

## Audit Gives Tucker \$7,323,283 Assets

Chicago, Aug. 26. (P)—A trustees' audit of the Tucker Corp. was on file in U. S. district court here today.

The audit listed assets of \$7,323,283.39. At the time the trustees were appointed last March, Tucker had claimed assets of \$14,441,442.01.

The audit was prepared by McCoy and Holland, certified public accountants. However, it left open to dispute, the status of claims of dealers holding franchises amounting to \$7,494,382.50. If the court rules that these claims are not valid, Tucker's financial position will be boosted.

## Polio Epidemic Of 1949 Worst In U. S. History

New York, Aug. 26. (P)—The polio epidemic may not have reached even the half-way point yet, and 1949 is certain to be the worst polio year in U. S. history, says the National Foundation for Infantile Paralysis.

The score on the basis of the foundation's latest reports: 17,306 cases so far in 1949.

3,422 new cases reported in the nation last week—the highest number ever recorded for one week.

The total of reported cases through last week compared with 9,743 for the same period of 1948, the second worst polio year up to that time.

In 1916, which had ranked as the worst epidemic year, there was a total of about 30,000 reported cases.

The figures and prediction were issued yesterday by Dr. Hart E. Van Riper, the foundation's medical director, who said:

"Study of previous patterns of polio incidence shows that the peak may come anywhere between mid-August and mid-September. But the mid-point of the epidemic x x x never has occurred before the second week in September."

"If the peak is reached early, the reduction in cases is slower than if it comes later. When the peak is reached late, the number of new cases reported drops rapidly."

### Death Rate Drops

Dr. Van Riper said this year's record of cases shows a sharp rise week by week since early spring, without even temporary drops.

This year has been marked by an increased polio total to date, as compared with 1948, in 33 states.

Calling the national epidemic "both intensive and extensive" Dr. Van Riper said the national foundation "has answered more calls for assistance in more states even than during last year."

He said "medical care facilities, on the whole, are far better today than at any time in history."

Statisticians of the Metropolitan Life Insurance company announced that a new study shows the children's polio death rate is dropping slowly.

The report, based on deaths among insured children under 15 years old each year since 1911, said the biggest drop in deaths has been among children under 10, and especially among girls.

The statistician said last year's death rate of 2.4 per 100,000 children was only one-fifteenth that of 1916.

## Burning Oil Drives 50 From Homes In Freight Train Pileup

Northeast, Md., Aug. 26. (P)—Flaming oil whooshed down a street and drove 50 persons from their homes today after a fast freight piled up near the center of town. No one was hurt.

Firemen from as far away as Baltimore and Wilmington kept the fire back from a box car loaded with dynamite. The fire could be seen five miles away.

The 44th to 64th cars of a 115-car freight plowed off the tracks about 4:30 a. m. (EST) and piled up. Three oil tankers burst into flames.

### KEYES ON TOUR

Iron Mountain. (P)—Eugene C. Keyes, former lieutenant governor who recently announced his candidacy for governor, says Gov. Williams is a "spendthrift." Secretary of State Fred Alger and state treasurer are just as bad.

Keyes added, "because they've voted to give the governor all he wants." Keyes has been on a tour of the Upper Peninsula.

### DARES GET RESULTS

Saginaw. (P)—She just did it on a dare, Marget Ankam, 29, explained to firemen who were called to rescue her from the top of a high scaffold in front of the Franklin theater. "All right," said Fire Capt. Charles J. Thier, "we dare you to come down." She climbed down a fireman's ladder.

### CLEANING PRICES UP

Detroit. (P)—Most Detroit dry-cleaning stores will boost their prices Monday because a price cut put in effect last spring failed to stimulate business, industry spokesmen reported. They said the new price for cleaning and pressing a suit, dress or topcoat would be \$1.09 at large chain stores and \$1.19 at most smaller shops.

### ITALY OVERCROWDED

Strasbourg, France, Aug. 26. (P)—An Italian delegate to the European consultative assembly said today his nation must send out at least 1,000,000 emigrants a year for the next few years to cope with the problem of over population.

## Maragon Refuses To Testify For 5 Percenter Quiz

Maragon today refused to answer questions at the senate five percenter inquiry "on the ground that my answer might tend to incriminate me."

The Greek-American had taken the witness chair after an accountant testified that Maragon made bank deposits of \$119,608.61 during a five year period in which he has said his income was only around \$30,000.

Maragon, a mystery man about town in Washington, simply would not talk at all.

He would not even say, when asked by Chairman Hoey (D-N. C.), whether he had testified before the committee behind closed doors July 28.

Maragon did testify at that time. The committee has since released a transcript of his testimony. Among other things, Maragon swore then that he had never received any payments for negotiating business with government agencies.

He said he in a small boat who passed her at 2 p. m. (9 a. m. EST) said she was still "swimming strongly."

She had been in the water since 8:45 a. m. (3:45 a. m. EST) on her second attempt this year to swim the channel.

## Gambling Must Go, Is Word Sent Out To Los Angeles Police

Los Angeles, Aug. 26. (P)—The word is out to Los Angeles county police chiefs: Gambling must go.

District Attorney William E. Simpson put it that way to 60 chiefs yesterday, including Deputy Chief Thad Brown of the big city force.

"If you can't handle the situation, my office will," said the D. A.

"I know that there is gambling, slot machines and bookmaking in many towns around the county," Simpson said. "I want it stopped."

He said he had received "very valuable" recordings said to have been made in a card parlor linked to Mickey Cohen. Although three years old, Simpson described them as "too hot to discuss."

## Five-By-Five Man Plans To Sit On Pole And Fast 100 Days

Birmingham, Ala., Aug. 26. (P)—A one time auto racer who measures exactly five-by-five says his excessive weight makes him sleep too much, so he's going to do something about it.

Percy Coplon weighs 357 pounds. He plans to climb atop a 30-foot steel pole September 1 and stay there without food for 100 days.

The 53-year-old heavyweight says it's in the interest of science. "Anything can be cured by fasting and drinking pure water," declares Coplon, who is 60 inches tall and 60 inches around the middle. He plans to drink two gallons of water a day.

A small house six-by-six feet has been built atop the pole for Coplon's comfort.

"I don't want the wind to whisk me away up there," the bulky one explains.

## Creek Damned In Hunt For Minnesota Boy, 3

McGregor, Minn., Aug. 26. (P)—A bulldozer roared into action today, damming a creek in the search for three-year-old Larry Coleman.

Minnesota National Guard officers said the barrier was being thrown up "as a last resort" in the hunt for the lost, missing since he started to pick up pine cones on his grandparents' farm 30 miles north of here last Saturday.

Lt. Col. William Johnson, commander of the remaining 100 troopers, said the dam would clear of water an area of one and one-half square miles.

## THIEF SNATCHES \$30

Detroit. (P)—A thief limped into the drugstore of the Statler hotel Thursday night, darted behind a counter, took \$30 from a cash register and ran, police were told.

Druggist Manager Charles Kmor said a customer chased the thief through Grand Circus Park and up Woodward avenue but the man got away.

## BANDITS SHOOT POLICE

Rome, Aug. 26. (P)—Press dispatches said today bandits killed one policeman and seriously wounded another in an attack on a National police barracks near the Sicilian stronghold of outlaw Chieftain Salvatore Giuliano.

## COLLISION FATAL

Williamstown, Ky., Aug. 26. (P)—Clyde C. Clark, 54, (1012 West Ottawa street) Lansing, Mich., was killed yesterday when his car collided with a bus. Six of the 40 Greyhound bus passengers were injured.

The bus driver, Clay Hardy of Lexington, was charged with manslaughter. He was released for hearing Sept. 3.

## Empire, Mich. (Pop. 300) Gets Big Army Camp

Empire, Mich., Aug. 26. (P)—Army plans to build a military camp on an 80-acre tract near this Leelanau county village were made known today by Village President Russell Bolton.

Bolton said the Army had taken a long-term lease on the wooded site owned by Helen Aylsworth of Empire.

He quoted Bruce E. Brannan, of the Fifth Army Corps of Engineers, as saying the Army plans to build barracks for 246 officers and men. The exact nature of the installations was not disclosed.

The proposed camp would nearly double the village's 300 population.

## Dutch Housewife Nearing Dover In Her Channel Swim

Dover, Eng., Aug. 26. (P)—Mrs. Willi Croes Van Rysel, 31, Dutch housewife, was reported only seven miles from Dover this afternoon on her 21-mile cross-channel swim from Cap Gris Nez, France.

A man in a small boat who passed her at 2 p. m. (9 a. m. EST) said she was still "swimming strongly."

She had been in the water since 8:45 a. m. (3:45 a. m. EST) on her second attempt this year to swim the channel.

## Auto Gas Kills 4 In Tragic Suicide Of Chicago Family

Belle Plaine, Ia., Aug. 26. (P)—The bodies of a Chicago couple and their two small children were found in an automobile in a lonely spot near here yesterday.

Authorities said the deaths were caused by "carbon monoxide poisoning in a suicide pact."

The dead were Millard Parcel, 30, and his wife, Gloria, 27, both candy factory workers, and their two children, Keith, 7, and Kathy, 4.

Mr. and Mrs. Charles Parcel, Belle Plaine, a brother and sister-in-law of the dead man, found the bodies after they received a special delivery letter from Parcel.

The letter gave no explanation of the deaths but outlined funeral plans and said "you'll find us just north of the apple orchard in the bluff." Charles Parcel said relatives could not offer any motive for the tragedy.

## Lumber On Lake As Scow Sinks

Charlevoix, Mich., Aug. 26. (P)—Some 30,000 feet of lumber was floating around Lake Michigan today, the cargo of a scow which sank after colliding with its tow ship.

The lumber scow, owned by Tony Wojan, of Charlevoix, operator of a saw mill on Beaver Island, was being towed across Grand Traverse Bay. The tow ship was undamaged.
